

WOODBIDGE SANITARY DISTRICT

NOTICE OF BOARD VACANCY

The Woodbridge Sanitary District (“District”) is looking for individuals interested in serving on the Woodbridge Sanitary District Board of Directors. The Woodbridge Sanitary District (“District”) operates its wastewater treatment plant, lift stations, and maintains sewer lines within the community of Woodbridge, CA.

There is one (1) Director position available at this time. The position will commence soon after appointment by the District Board of Directors at the District’s next regularly scheduled meeting on May 8, 2024, or June 18, 2024, if necessary. Because the appointment is necessary to replace a Director who is resigning in the second half of his term, the appointed person shall hold office until the District’s next regularly scheduled election on November 8, 2024. Interested parties must reside within the District’s boundaries and must be registered to vote.

The appointed individual will be required to regularly attend the District’s monthly meetings (currently held the 2nd Wednesday of each month, at 5:30 p.m., at the Woodbridge Fire House, 400 E. Augusta Street) and any special meetings that may be called on an as-needed basis. The District provides a modest compensation for each meeting attended.

Once appointed, the individual will be a “public official” under the terms of the California Government Code and will be required to file annual Form 700 financial disclosure forms and receive mandatory conflicts of interest and other training as required by law.

For more information, or to obtain an application for consideration, please contact the District Office at (209) 368-0900 or email: woodbridgesanitary@woodbridgesd.com.

For the May 08, 2024, meeting applications must be received no later than Friday, May 03, 2024 @ 2:00 p.m. If necessary, for the June 18 meeting, applications must be received no later than Friday June 14, 2024, at 2:00 p.m.
